Work Environment / Physical Demands

Barbers, hairstylists, and cosmetologists work mostly in a barbershop or salon, although some work in a spa, hotel, or resort. Some lease booth space from a salon owner. Some manage salons or open their own shop after several years of experience.

Barbers, hairstylists, and cosmetologists usually work in pleasant surroundings with good lighting. Physical stamina is important, because they are on their feet for most of their shift. Prolonged exposure to some chemicals may cause skin irritation, so they often wear protective clothing, such as disposable gloves or aprons.

Many barbers, hairstylists, and cosmetologists work full time, however part-time positions are also common. Those who run their own barbershop or salon may have long hours. Work schedules often include evenings and weekends—the times when barbershops and beauty salons are busiest. Those who are self-employed usually determine their own schedules.
